- › 5 preview images to share within a few days.

Extra coverage is available at \$400/hr for up to two additional hours.

EXTRAS

Helicopter flights

From
\$1200

Flights to stunning locations are available as add-ons to any wedding collection, elopement or shoot. Most wedding flights take an hour in total and include a 45 minute landing at a stunning location high above Queenstown or Wanaka. If you want to extend your flight to somewhere truly unique or shoot at multiple locations there are many options available. Just ask!

Extra hours

\$400
per hour

I only take on one shoot per day to remain as flexible for you as possible. Extra hours are available for any shoot up for a maximum of 2hrs. You can organise this beforehand or on the day itself.

Customised Shoots

Do you have a plan in mind that doesn't fit into any of the previous options? I can customise almost anything to make it happen, so please let me know.

Travel

Travel in the Queenstown / Arrowtown / Glenorchy / Wanaka area is included free of charge.

- › Further away? Just let me know and I'll put something together for you
- › International - Heck yes! Discounts are available for areas with incredible surf breaks!

Details

- › Helicopter prices are subject to change but are locked in at the time of booking
- › All other prices quoted are valid for 2 months from receiving this info pack
- › All prices are tax inclusive and there are no sneaky hidden costs
- › I ask for a 35% deposit to reserve the date and a signed copy of my booking agreement. The remaining 65% is due 2 weeks before your shoot date.

ABOUT ME

I'm a pretty relaxed kind of guy and love for couples to just be themselves and let their natural connection with each other do the talking. It's a privilege to share in all of the emotion that happens on a wedding day and I thrive on capturing these natural moments like little stories.

When not shooting weddings I'm surfing and snowboarding. I love to hike around the hills, exploring this beautiful part of NZ I call home and take a few pics while I'm at it too!

COMMONLY ASKED QUESTIONS

Will you pose us? I do offer some gentle direction to make the most of the light and location but I definitely wouldn't call it posing. I'll have your attention on each other and your surrounds about 99% of the time so there'll be no weird or awkward moments. All you need to do is be yourselves and relax!

Albums and books - I'm a big believer in high-quality printing and displaying your images. I don't currently offer them in my packages so you're not paying for something you may not want. If you are interested however, I'll put you in touch with some absolute pros who offer the best design and printing services for photos, books and albums.

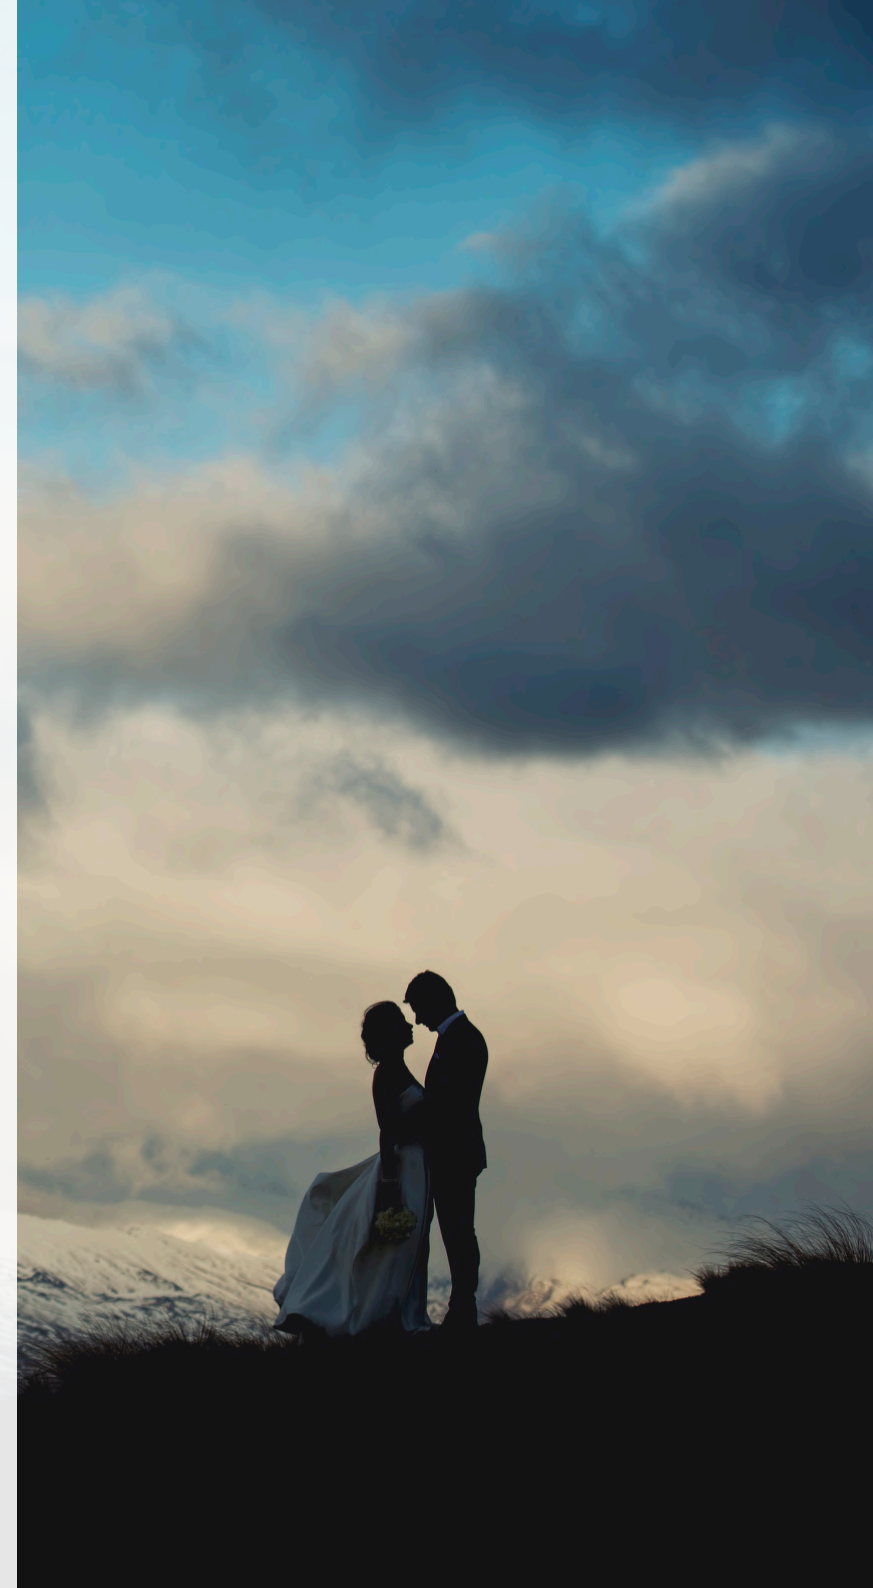

Can you hook us up with local suppliers and venues? Absolutely! I have a network of the best suppliers in Queenstown & Wanaka and know all of the venues intimately. Got any questions? Fire away!

Delivery - The editing process of your images is normally completed in about 3–4 weeks. From there they are available for immediate download

Payment - I have 3 different payment options available:

- › Direct Debit (within NZ)
- › International Transfer
- › PayPal.

Each incur different fees but I'm always happy to let you know which will be most economical for you depending on the size of the payment.
