- › 5 preview images to share within a few days.

---

**\$1200**  
2hours

---

---

**\$1800**  
4hours

---

**EXTRAS**

## Helicopter Flights

From  
**\$1440**

Flights to stunning locations are available as add-ons to any wedding collection, elopement or shoot. Most wedding flights take an hour in total and include a 45 minute landing at a stunning location high above Queenstown or Wānaka. If you want to extend your flight to somewhere truly unique or shoot at multiple locations there are many options available. Just ask!

## Customised Shoots

Do you have a plan in mind that doesn't fit into any of the previous options? I can customise almost anything to make it happen, so please let me know.

## Travel

Travel in the Queenstown/ Arrowtown / Glenorchy / Wānaka area is included free of charge.

- › Further away? Just let me know and I'll put something together for you.
- › International - Heck yes! Discounts are available for areas with incredible surf breaks!

## Details

- › Helicopter prices are subject to change but are locked in at the time of booking
- › All other prices quoted are valid for 2 months from receiving this info pack
- › All prices are tax inclusive and there are no sneaky hidden costs
- › I ask for a 35% deposit to reserve the date and a signed copy of my booking agreement. The remaining 65% is due 2 weeks before your shoot date.

# ABOUT ME

I'm a pretty relaxed kind of guy and love for couples to just be themselves and let their natural connection with each other do the talking. It's a privilege to share in all of the emotion that happens on a wedding day and I thrive on capturing these natural moments like little stories.

When not shooting weddings I'm surfing and snowboarding. I love to hike around the hills, exploring this beautiful part of NZ I call home and take a few pics while I'm at it too!

# COMMONLY ASKED QUESTIONS

**Will you pose us?** I do offer some gentle direction to make the most of the light and location but I definitely wouldn't call it posing. I'll have your attention on each other and your surrounds about 99% of the time so there'll be no weird or awkward moments. All you need to do is be yourselves and relax!

**Albums and Books** - I'm a huge believer in creating something tangible to remember your wedding day with. Nothing brings an image to life like getting it printed. You can easily order professional quality prints, framed prints and canvas straight from your image gallery. So can your friends and family (just share the link and password).

If you are interested in creating an album I like to keep things super simple for you (but still ridiculously beautiful) I offer flush-mount albums with silver halide printing from Queensberry. These are top quality albums handmade in New Zealand by the best to last generations.

**Just let me know before or after our shoot.**

## Albums

Roughly 100-120 images

25 spreads

Additional spreads available at \$80 each

Leathers, linens and buckram covers are available.

## Sizes

10x10" \$1400

12x9" \$1500

12x12" \$1600

7" parent copy \$500 (or 2 for \$900)

**Can you hook us up with local suppliers and venues?** Absolutely! I have a network of the best suppliers in Queenstown & Wānaka and know all of the venues intimately.

Got any questions? Fire away!

**Delivery** - The editing process of your images is normally completed in about 3–4 weeks. From there they are available for immediate download.

**Payment** - I have 3 different payment options available:

- > Direct Debit (within NZ)
- > International Transfer
- > Wise

Each incur different fees but I'm always happy to let you know which will be most economical for you depending on the size of the payment.

Thanks, *rich
